

To Whom It May Concern,

It is my privilege to highly endorse and promote a lasting impact organization, *Center for Jail Transformation (C4JT)*. Truly a beacon of light in every community. Pointing others to the Cross, helping them mature in their faith, and offering resources, education, and training to succeed at the next level. C4JT is fully engaged in the lives of their people by providing them a roadmap to follow.

From job preparation, life skills, and parenting to victim curriculum C4JT is making a difference across the nation. Life on life is the only way to see results. Please consider not only praying for this wonderful ministry, but becoming a sustaining partner for future endeavors.

If we can empower local jails to transform their culture and environment, then the power of God will change lives!

Cary E. Vaughn
